Khalil Rouhana Promoted to President of Glass Projects Resource, Inc.

STERLING, VA, June 29, 2020 – Glass Projects Resource, Inc., a premier glass and glazing company, has announced that Khalil Gabriel Rouhana has been promoted to the position of president. Mr. Rouhana co-founded GPR in 2005 and has served as executive vice president since its inauguration.

Mr. Rouhana has provided exemplary leadership at GPR to generate business leads and foster relationships with owners, developers, and general contractors. He will continue to oversee operations at GPR headquarters in Sterling, Virginia and the full-scale manufacturing facility in Berryville, Virginia.

The announcement of the new leadership comes at a pivotal time of growth and expansion for GPR. In recent years, GPR has experienced significant growth through focused efforts to improve upon the glass and glazing processes in Washington, DC and metropolitan area. Mr. Rouhana is also the co-founder of GPR's sister company, LGV Group LLC, a Northern Virginia based developer. He has served as the developer's managing principal since its founding in 2010. LGV Group is now leasing office space in their recently completed building, Broderick One, in Sterling.

About Glass Projects Resource, Inc.

Glass Projects Resource, Inc. (GPR) was founded in 2005 and rapidly grew to become the premier glass and glazing subcontractor in Washington, DC and the greater metropolitan area. GPR currently performs design, engineering, fabrication, factory glazing, and field installation of custom curtain wall enclosure systems. GPR's project portfolio covers a wide spectrum of glazing applications for both exterior and interior projects. GPR is always on the cutting edge of the latest building envelope technologies that are implemented through thorough testing and modeling. For more information, please visit: gprus.com
