Breedon Construction Announces Several Promotions Amid Continued Growth

Richmond, Va.—Breedon Construction, the nationally recognized Richmond-based general contracting firm, today announced the promotion of two associates. Breedon Construction's focus on people continues to be the vision that drives its culture, and the organization is fortunate to have some of the best and brightest talent.

Jessica Turner has been promoted to assistant project manager. She, along with the assigned project manager and project executive, will oversee the construction of three multifamily developments in Virginia. Jessica has been a valued Breedon Construction employee since 2020. She is a graduate of Virginia Commonwealth University, earning a Bachelor of Science degree in Psychology.

Jessica Turner

Ashley Gale

Ashley Gale has been promoted to assistant superintendent. Ashley is currently working on site at the Berkmar Landing multifamily development project in Albemarle County, Va. In her new role, Ashley will assist the superintendent in ensuring the project stays on track and is delivered on time, if not early. Ashley is a graduate of The University of Virginia, earning a Bachelor of Science degree in Bachelor of Arts in Studio Arts and Art History.

“Jessica and Ashley have an unwavering commitment and dedication to the success of our company,” said Brian Revere, Breeden Construction’s President. “They have proven they are integral to our teams, and I congratulate them on their well-deserved promotions.”

Revere is proud of its culture of promoting from within and looks forward to more promotions in the future.

ABOUT BREEDEN CONSTRUCTION

Richmond, Virginia based Breeden Construction is a design and build general contracting company committed to construction excellence, creativity and industry leadership. The firm has been providing general contracting services for The Breeden Company’s own portfolio for more than five decades. In that time, Breeden Construction has constructed over 10,000 multifamily units, over 2 million square feet of commercial, retail and mixed-use space, countless tenant improvements and up-fits, numerous residential subdivisions and 1,700 residential homes. In 2011, Breeden Construction opened services to third-party clients in need of its expertise in all phases of the design, building and development of multifamily, mixed-use communities, commercial office and retail properties and tenant up-fits. The vast capabilities of Breeden Construction have made them one of the most dynamic firms of its kind in the nation.
