## Hampton Roads Area Contractors Recognized for Project Excellence

**Norfolk, VA** – The [Virginia](#) Chapter of Associated Builders and Contractors (ABC) honored the winners of the Second annual Excellence in Construction & Craft Professional of the Year Awards, October 23 at the Chrysler Museum of Art in Norfolk, Virginia. The Excellence in Construction Awards recognizes and celebrates outstanding projects built by Hampton Roads - area ABC members annually. The awards competition serves to raise the level of construction standards throughout the industry by recognizing the workmanship of those who contribute and by showcasing the results of their dedication.

ABC contractors entered more than 20 projects in categories including commercial, commercial/residential renovation, electrical, institutional, interiors, mechanical and medical-new construction.

"These winning projects highlight and honor the extraordinary teamwork between general contractor, architects and engineers, specialty contractors, and material suppliers," said Patrick J. Dean, President, ABC Virginia Chapter.

The evening also honored members of the construction team with the presentation of three Craft Professionals of the Year Awards. These awards were given to craft professionals whose companies nominated them based on exemplifying mastery skills, safety performance, jobsite performance and productivity, leadership roles, service to the industry and any community involvement.

“For the second year in a row, our members were awarded for their hard work, commitment to safety and outstanding projects in the Hampton Roads area. Several craft professionals were also recognized for their dedication to their trade. Special thanks to local personality, Vanessa Coria, as she lit up the room announcing all the awards winners during the ceremony.” – Robert Camlin, CMD, Regional Director, ABC Virginia Chapter.

About Associated Builders and Contractors – Virginia Chapter: The Virginia Chapter of ABC represent the interests of nearly 1,000 contractors, specialty contractors, and suppliers throughout the Hampton Road- area that support and believe in the principles of merit shop construction and open competition. Merit Shop is a way of doing business in which companies reward employees based on performance and encourage them to reach their highest level of achievement, and in which contracts are awarded based on safety, quality, and value, regardless of labor affiliation. An open marketplace creates efficient, cost-competitive projects, safe work sites, comparable wages and workforce training. The Virginia Chapter is headquartered in Dulles, Virginia and has two branch offices located in Hampton Roads and Richmond, Virginia.
