## **Contractors Recognized for Project Excellence and Outstanding Employees in Hampton Roads**

Hampton Roads, Va. – The Associated Builders and Contractors, Virginia Chapter (ABC-VA) Hampton Roads region honored winners for project excellence during the 2016 Excellence in Construction of the Year Awards on October 27 at the Chrysler Museum of Art in Norfolk, Va. The awards competition serves to raise the level of construction standards throughout the industry by recognizing the workmanship of those who contribute and by showcasing the results of their dedication.

"This year's winning projects adhere to the high level of teamwork, craftsmanship, and commitment to safety that the ABC members commit to in the Hampton Roads region," said ABC-VA President Patrick J. Dean.

"For the third year in a row, our members were awarded for their hard work, commitment to safety and outstanding projections in the area," said Robert Camlin, CMD, Regional Director, ABC-VA. "We are honored to recognize the talented individual craft professionals our members employ for their dedication to our industry."

ABC-VA contractors entered several projects in categories including commercial, commercial/residential renovation, electrical, institutional, interiors, mechanical and medical-new construction. The award honors all construction team members highlighting the extraordinary teamwork between general contractor, architects and engineers, specialty contractors and material suppliers.

This evening also recognized employees of Hampton Roads contractors that were instrumental in the success of their companies in the commercial construction industry. Nominations were accepted in the craft professional, field management, project administrator, project management and young professional categories.
