**Breedon Construction announces construction completion of affordable apartment community in Dumfries,  
Virginia**

**Richmond, VA – April 23, 2021** Breedon Construction is proud to announce the completion of a newly constructed affordable multifamily project in Dumfries, VA, Townsquare at Dumfries Apartments. The project was completed for the developer, Community Housing Partners; Breedon Construction served as the general contractor.

The certified Earthcraft \$32 million project began in January 2019. While the global pandemic looked to create various obstacles, the project was completed on-time.

“We are pleased to have had the opportunity to construct this project on behalf of Community Housing Partners,” says Brian Revere, President of Breedon Construction. “This project exemplifies our commitment to excellence in construction and the firm’s dedication to meeting and exceeding our clients’ demands.”

Situated on more than 16 acres, the project included construction of 227 multifamily units, a leasing office and community center. In total, the project is comprised of 282,824 total square feet.

With offices in Richmond and Virginia Beach, Breedon Construction is ranked by *Multi-Housing News* as one of the largest multifamily developers in the nation.

## **ABOUT BREEDEN CONSTRUCTION**

*Richmond, Virginia based Breeden Construction is a design and build general contracting company committed to construction excellence, creativity, and industry leadership. The firm has been providing general contracting services for The Breeden Company's own portfolio for more than five decades. In that time, Breeden Construction has constructed over 15,000 multifamily units, over 2 million square feet of commercial, retail and mixed-use space, countless tenant improvements and up-fits, numerous residential subdivisions and 1,700 residential homes. In 2011, Breeden Construction opened services to third-party clients in need of its expertise in all phases of the design, building and development of multifamily, mixed-use communities, commercial office and retail properties and tenant up-fits. The vast capabilities of Breeden Construction have made them one of the most dynamic firms of its kind in the country.*
