

ELECTRICAL APPRENTICESHIP TRAINING PROGRAM - EVENING

CENTRAL VIRGINIA

2022 - 2023

WHY INVEST IN APPRENTICESHIP?

It is no secret that our industry faces a shortage of skilled workers on the horizon. Companies that invest in employee development through apprenticeship programs attract a quality workforce of loyal and highly-skilled employees.

CHOOSE ABC-VA APPRENTICESHIP

ABC-VA has a long history of providing high quality, student-centered learning with an emphasis on hands-on training. Our goal is to give individuals the opportunity to learn a trade, become skilled crafts professionals, earn a good living, and build Virginia. Through our educational affiliate, National Center for Construction Education and Research (NCCER), we use Contren, a competency-based, task-driven, and nationally recognized curriculum. ABC-VA instructors are required to complete a formal certification in order to ensure consistent delivery of the curriculum. ABC-VA Electrical Contractors Council represents the participating employers and works with ABC-VA staff to oversee the program. This council has shown an unwavering commitment to making certain the program is on the cutting edge, meeting today's workplace needs.
